After tasting the tea with friends on site, Chairman Gong Wanqiang explained the creation process of "Thousand Liang Golden Flower Fu Wang" and the essential characteristics of the tea.

"Thousand Taels of Golden Flower Fu King" was developed by Gaojiashan Company, which was developed by a team of senior tea makers and experts from Anhua Fu Tea. It took nearly a year to develop. From the design of the mold, the selection of raw materials to the water temperature control during production,

strict checks and various data records were carried out at each level. After countless trial productions, a complete set of scientific theoretical basis was mastered and finally the trial production was successful. This giant Fu tea is made of Anhua black tea "Thousand Taels of Net Weight", Tianjian raw materials, and Fu tea craftsmanship. It is 88 cm high, 58 cm wide, 9 cm thick, and has a net weight of 31.25 kg. This tea is well-made, with a flat brick surface, moderate tightness, and full golden flowers. It is the first creation of Anhua giant Fu and the king of Fu tea in the world! First released in 2014, limited to 50 pieces.
